

ITD Test 1 Summary of the Results (Out of 40)

Key statistics based on Test 1 Result:

Basic Statistics

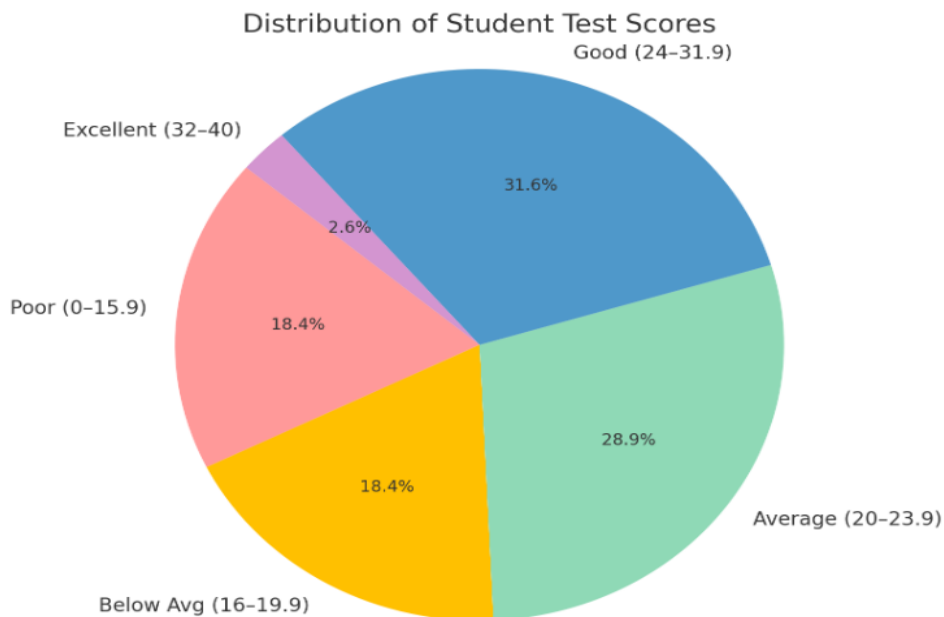

- **Total Students:** 39
- **Highest Score:** 32.7
- **Lowest Score:** 9.1
- **Mean (Average) Score:** ≈ 21.5
- **Median Score:** 22.3
- **Mode (Most Frequent Score):** 22.3 (appears 3 times)
- **Standard Deviation:** ≈ 5.2

Performance Range Breakdown

(Test is out of 40, and using a basic grading benchmark)

Score Range	Interpretation	Count	Percentage
32–40	Excellent	1	2.6%
24–31.9	Good	11	28.2%
20–23.9	Satisfactory/Average	15	38.5%
16–19.9	Below Average	6	15.4%
0–15.9	Poor	6	15.4%

Pie chart showing the distribution of test 1 scores:

Insights from the Chart

- **Excellent (32–40):** Only 1 student (~3%) excelled
- **Good (24–31.9):** ~32% of students performed well.
- **Average (20–23.9):** ~29% fall in the average range.
- **Below Average (16–19.9):** ~18% need support.
- **Poor (0–15.9):** ~18% are significantly struggling.

Interpretation

- The **average score is 21.5 out of 40**, which is **about 54%**.
- Only about **30% of students scored above 24**, which would typically be considered “good.”
- Around **31% of students scored below 20**, suggesting a significant number of students are **struggling**.
- The **majority of students (38.5%) scored in the average range (20–23.9)**, indicating that most students have a basic grasp, but there's room for improvement.

Recommendation

- **Have the students done well?**
Not particularly. The average is just slightly above half marks. While some students performed well, a significant portion is either below average or poor.
- **Should I give another test?**
Yes:
 - This test is high-stakes (Test 1 is ITD major course assessment weighing 12.5%).
 - Test 1 covered a wide range of topics (week 1-7 SQL topics) —students may have struggled with certain parts.
 - I will give a second a supplementary Test 1 to get a better sense of your learning progress.
 - Students will either do a Take Home Test or Open Book Test.
